

Name: _____

Frog Thinking Questions

1. Is an adult frog an herbivore, omnivore, or carnivore? Explain.

2. Are you more likely to find frog eggs in a pond with lots of fish or a pond with very few fish? Why?

3. List some of a frog's natural predators. Also, list some animals that are a frog's prey.

4. How are amphibians and reptiles the same? How are they different?
