

Monday March 30th, 2020

Good morning! I hope you all had a great weekend. I am excited to see you all on our video chat today at 11:00am! Here are the activities for today. Remember, you should be working for 2 hours each day. If you do not get to an assignment, don't worry because Fridays are our catch-up days!

Reading:

Complete the Similes Matching worksheet. If you need help, you can search the simile on the internet or ask an adult. DO NOT complete the bottom "Now Try This.." activity.

Spelling:

You will have spelling words this week. I will send them to you each by email and you will complete activities throughout the week to practice.

Vocabulary:

Review your Lesson 27 vocabulary words on the words & definitions page. Then, complete the Flip Book page, writing the definitions in your own words of describing the words in your own way.

Writing:

Write 5 sentences about something you did this weekend that was fun. Try and use similes or metaphors to describe things you experienced! 😊

Social Studies:

Download the Ancient Mesopotamia Interactive Map and follow the directions on the second page to color/complete the activities on the map. If you don't have materials to print, cut or color, please email me!

Science:

Complete the Searching for Simple Machines activity by looking around your home and finding examples of simple machines. If you need to look back at March 23rd's article or March 17th's booklet, please do so. YOU ARE ONLY COMPLETING INCLINED PLANE, WEDGE & SCREW TODAY! Not the other 3.

Math:

Orange group: Complete Unit 3 Assessment pg. 28. Think back to the Turn-Around-Rule!!

Purple Group: Complete Unit 3 Assessment pg. 23. Think back to how fractions and decimals are related on the 100-frames.
